SUBJECT: DCI Presentation at Air War College

1. Action Requested: It is requested that you speak to the students of the Air War College on 16 January 1978.

2. Background:

a. The Office of Training has been advised that the Air War College is interested in your making a presentation at the College on 16 January 1978. The proposed schedule would include a morning presentation of about two hours of briefing and an hour for questions and answers. The subject suggested by the College would be "Soviet Military Capabilities and Potentials." Your presentation would follow another briefing on "Soviet Military Doctrine."

b. If you are agreeable to making the proposed presentation, the College has asked that the level of classification be such that the foreign students would not be excluded from the session. We have been unable to determine the level of clearances of the foreign students, but this information will be provided prior to preparation for your presentation.

c. The College has asked that an alternate be named in the event a last minute priority meeting prevents your participation in the program.

d. If you agree to honor this request, a formal invitation letter will be provided next month from either Lt. General Furlong, Commander, Air University, or Maj. General Umstead, Commandant, Air War College.
